

OrganicDB Burndown Chart

This burndown chart illustrates the progress of the OrganicDB project. The Y-axis represents Story Points (Remaining) from 0 to 25, and the X-axis represents the Week from 0 to 10. The blue line shows the actual remaining story points, which peaked at approximately 22 points in Week 3 and then decreased to about 8 points by Week 5, remaining constant thereafter. The red line shows the ideal progress, which peaked at 20 points in Week 3 and decreased linearly to 0 points by Week 10.
